

JUNIOR YEAR ADVISING STATEMENT

Student Name: _____ Signature: _____

Advisor Name: _____ Signature: _____

Meeting Date: _____ DUS Reviewed: _____

Please outline the intellectual interests that have emerged in your English studies over the last two years, and discuss your plans for the spring and for the senior year. We are not looking for a listing of courses; rather, we want you to reflect on the themes, questions, and focus that you have developed, or are seeking to develop, in the major taken as a whole. This should help you to choose spring courses and design your senior-level work. If you have questions about your requirements, you should discuss them with your advisor when you meet. (Suggested length: 250-500 words)
